General Information

FIS-Regulations: The FIS-regulations are to be abided by on all the slopes Reimbursement: In the event of skiing accidents, reimbursements are available for multi day ski passes. Such reimbursement is only possible in the event of injury and requires attestation from a physician! The number of days the ski pass has been used will be cal culated based on and will include the day the pass was issued and the day it is returned Important: with respect to cash compensation, the important date is that upon which the pass was returned to the ticket office, not when the actual accident happened. No reimbursement is permitted for non-use of the ski pass due to inclement weather, avalanche dar ger, illness, early departure, non-operation of certain lifts, closure of particular slopes or premature cessation of lift operations. The ski-pass holder is not entitled to replacement of the pass In the event that it is either lost or blocked. Special rules pertain to season passes. Ticket exchange: Transferring the lift ticket to another person, the subsequent exchange for another ticket, or the alteration of the validity is not allowed.

Hours of operation: The hours of operation of the gondola and lifts are posted on the sign found at the base station.

Transportation stipulations: Children below the age of 6 will only be transported on all chair lifts and T-bars with an accompanying person. Children cannot be transported on schedules and transportation provisions of the individual ski areas or lift businesses! can result in a fine. We can also bring on charges.

accept no liability for any stolen property. Forestry law § 33: Skiing in forest plantations is strictly forbidden. Offer valid with a minimum 4-day ski pass for "SkiLungau" or a minimum 6-day "LUNGO" ski pass

FIS Rules of the Slopes

Every skier and snowboarder must conduct themselves in a manner that neither endangers nor injures others.

she must adjust their speed and their riding style to their abilities and the condition of snow, weather, and environment, as well as to how busy the slopes are.

A skier or snowboarder approaching from behind must select their track so as to not endanger those skiers or snowboarders in front of them.

Passing may take place from above or below, from the right or left, but only at a distance which allows the skier or snowboarder you are passing enough room to complete all of their

back up the slope must check above and below to make sure that they are able to do so without endangering themselves or others 6. Stopping

leave such a place as quickly as possible.

edge of the slope. 8. Pay attention to signs

Every skier and snowboarder must pay attention to markings and signals.

o Identification requirement

Every skier and snowboarder, whether a witness or involved in the incident, whether responsible or not, must present personal identification in the case of an accident.
